

	Item-No.	Description
	101	Lead knife DON CARLOS low pointed black haft without metal end
	503	Lead knife DON CARLOS middle raised point black haft with metal end
	104	Lead knife DON CARLOS high raised point without metal end
	118-5	Lead burnisher for 5 mm heart
	118-6	Lead burnisher for 6 mm heart
	122	Double-bladed pattern knife with 2 blades without heart adjusting

	Item-No.	Description
	122-K	Spare blades for double-bladed pattern knife
		Pattern shears 200 mm long
	120-1.5	1,50 mm heart
	120-1.75	1,75 mm heart
	120-2	2,00 mm heart
	28	Lead hammer with striking surfaces approx. 100 g weight
	445	Lead stretcher suitable for all profiles
	119	Lead nails conical steel nails packed in bags ea 100 pieces

	Item-No.	Description
	750h	Polishing brush for brass glazing small, hard steel brush 70 mm Ø without tensioning mandrel
	750-Spannd	Tensioning mandrel 6 mm Ø
	173/I	Soldering iron ZEVA casted in aluminium housing suitable for continuous working 230 volt - 180 watt
	173/II	Soldering iron ZEVA casted in aluminium housing suitable for continuous working 230 volt - 280 watt
	184	Round copper bit - hammer tip - 15 mm for soldering iron 173/I

	Item-No.	Description
	185	Round copper bit - both sides - 15 mm for soldering iron 173/I
	187	Round copper bit - pointed, round tip - 15/12 mm for soldering iron 173/I
	188	Round copper bit - pointed - 19/15 mm for soldering iron 173/II
	189	Round copper bit - forged on - 19 mm for soldering iron 173/II
	174	Thermo regulator suitable for all electrical soldering irons stepless adjustable periodically connection and disconnection of power 230 volt - for max. 3000 watt

	Item-No.	Description
	121-65	Soldering tinn 65% filamentous
	117-1	Stearin oil for lead soldering 1-Liter plastic bottle
	176	Soldering iron HOBBYKIT 2 230 volt - 75 watt with soldering tip type SG10
	176-SG10	Tip Longlife 7,0 mm
	176-SG11	Tip chisel shape 5,0 mm
	176-SG12	Tip chisel special form 6,3 mm

	Item-No.	Description
	178	Soldering iron PROFIKIT 100 230 volt - 100 watt with soldering tip type SG40
	178-SG40	Soldering tip - 45 degree 7 mm
	178-SG41	Soldering tip - straight 7 mm
	178-SG42	Soldering tip with groove 7 mm
	178-SG43	Soldering tip - bent 7 mm
	190	Soldering iron PROFIKIT 200 230 volt - 200 watt with soldering tip type SG50

	Item-No.	Description
	190-SG50	Soldering tip - hammer tip tip / chisel shape
	190-SG51	Soldering tip - hammer tip tip / tip
	190-SG52	Soldering tip - straight 10 mm
	190-SG53	Soldering tip - bent
	175	Stand for soldering iron with built-in electrical output regulator for 230 Volt suitable up to approx. 300 watt power input
	195-KH30	Universal holder for soldering iron 176, 178, 190
